Have fun decorating with Arthouse's Imagine Fun 2 Collection

Through the imaginative minds of children, Arthouse designers have recaptured the magical tradition of storytelling in the latest co-ordinating Imagine Fun 2 Range. This collection invites you to daydream, with a spectrum of visually inspiring design stories, building beautifully on the success of the first bestselling Imagine Fun collection.

Packed with design statements, bold colours and innovation, we also now for the first time introduce Arthouse decorative Friezes (Deep Feature Borders). Our versatile decorative friezes have been designed to co-ordinate broadly with many of our products from Glitterati plain or the striking Imagine Fun decorative wallcoverings themselves - creating a fun and imaginative feel to any child's room. The added value sparkling glitter and gloss encased wallcovering not only accentuate light, but add a unique finish to any room. To further enable the creation of stunning room concepts, the collections now also include co-ordinating textile art and product development moves on a stage further with the introduction of double sided Duvet Sets, Hanging Wall Scrolls and Bunting.

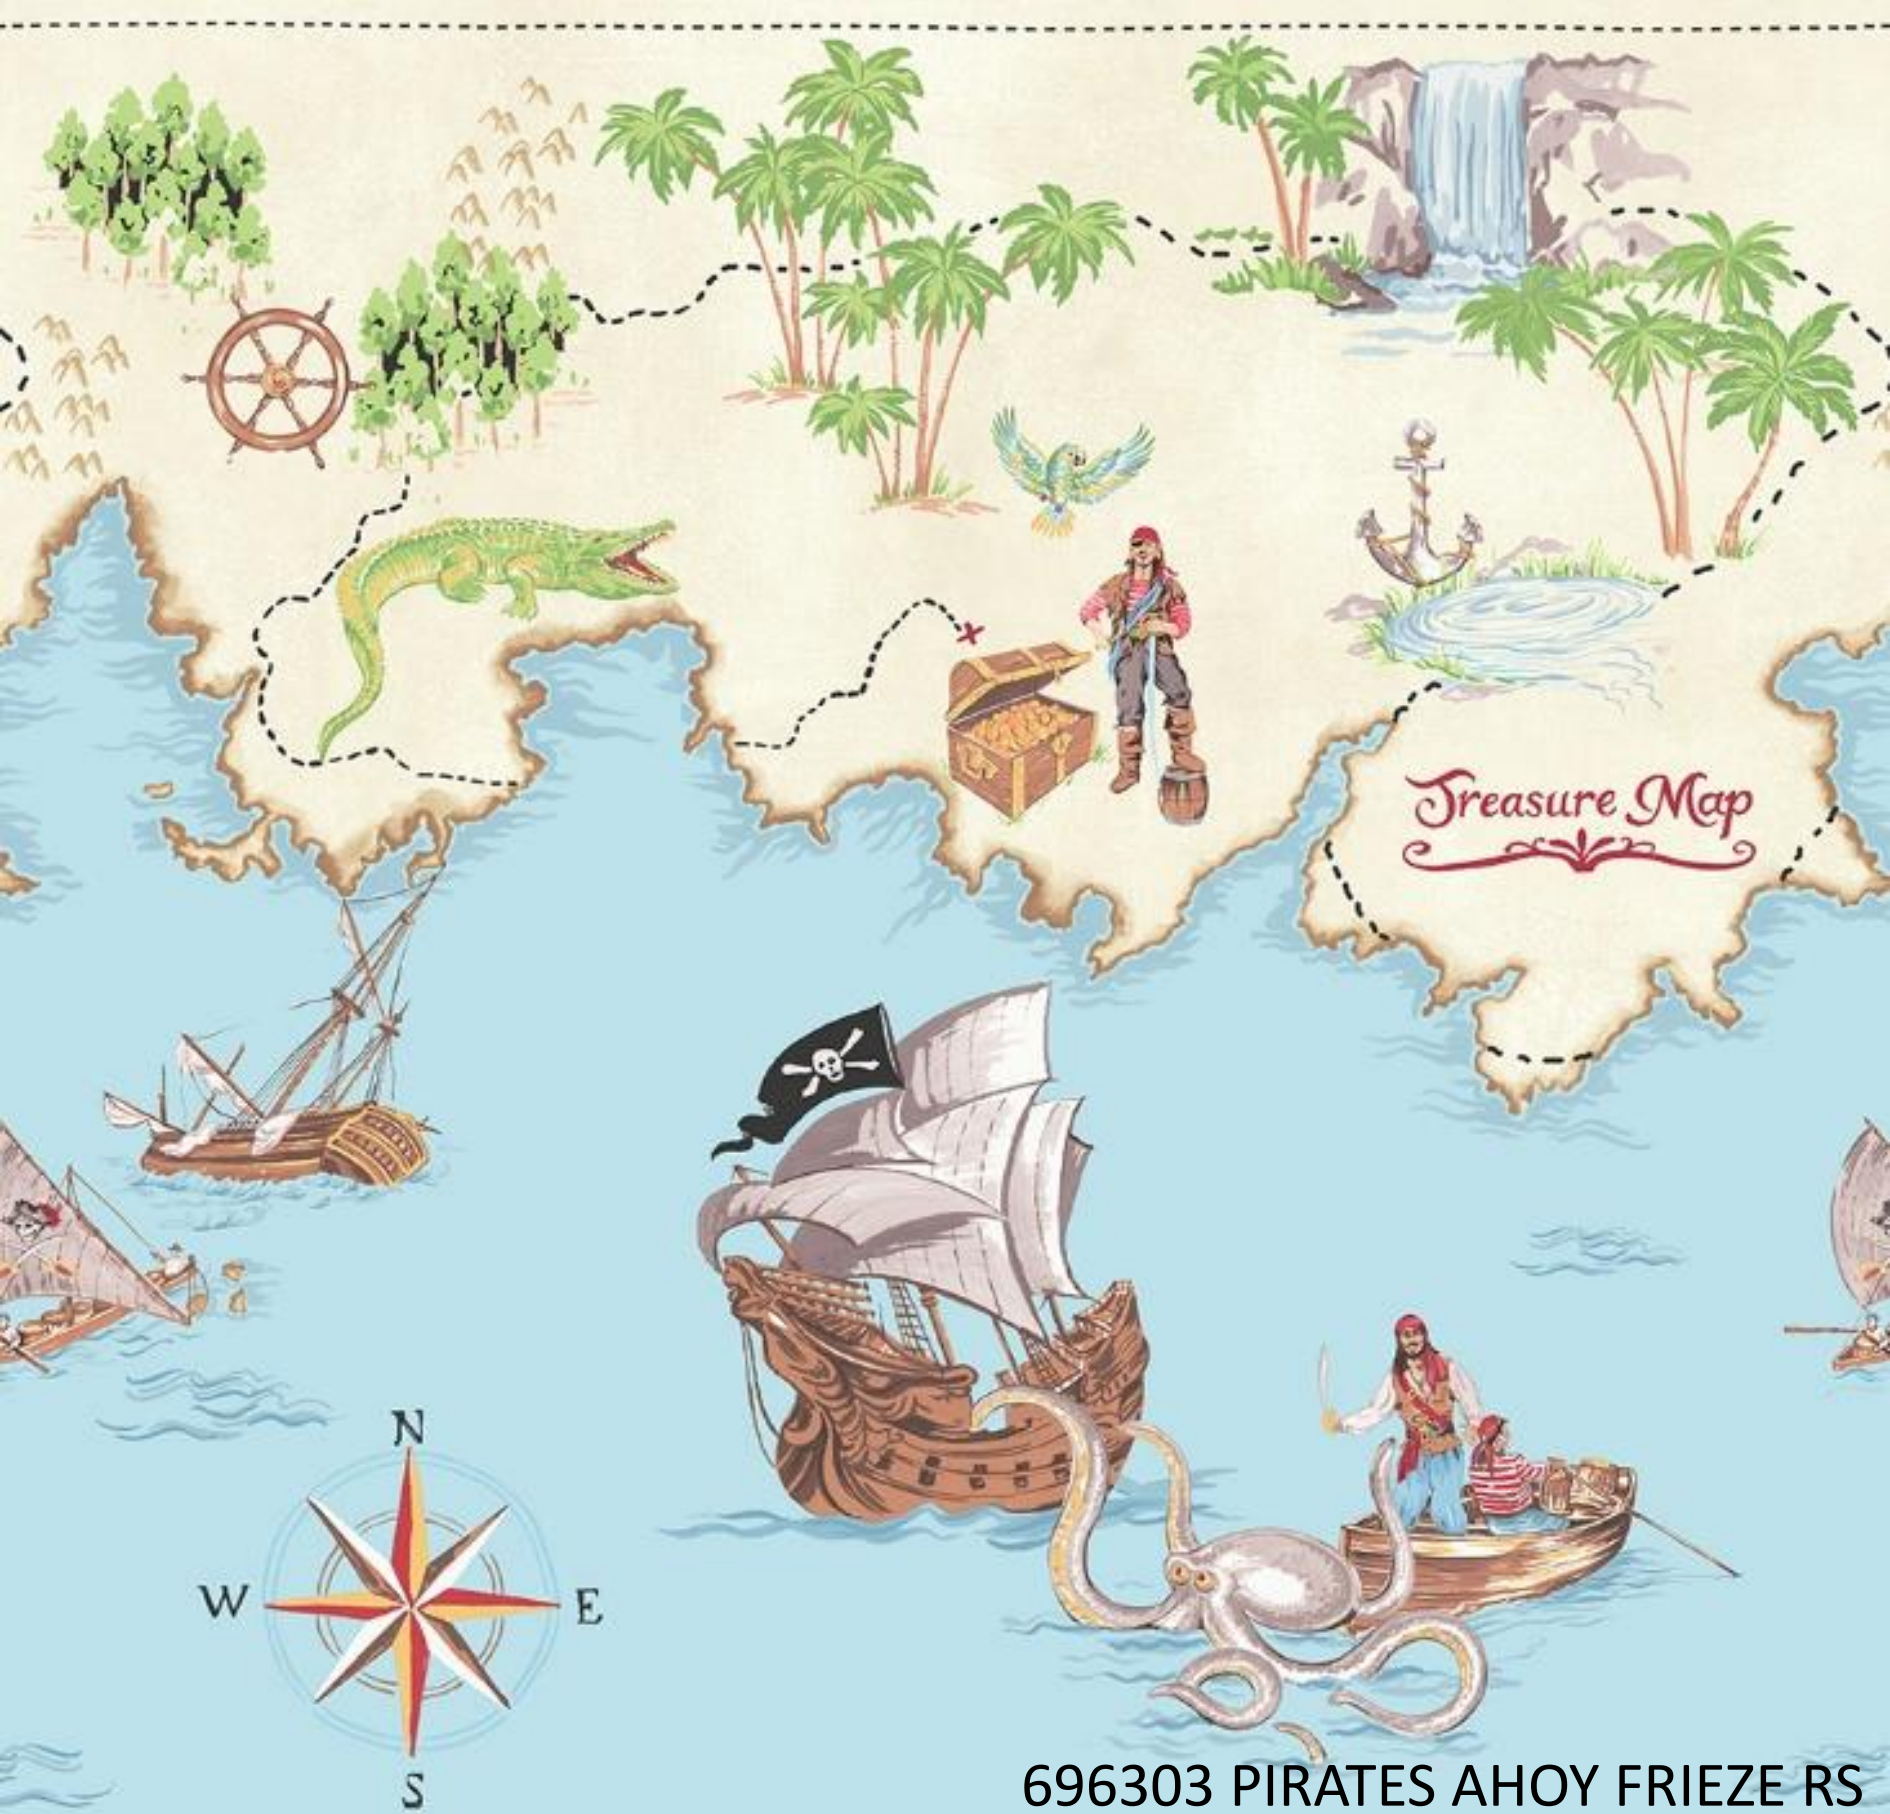

The Imagine Fun 2 collection offers all styles of children's decor from classic retro designs to more modern photographic, on trend themes - simply enter the mysterious world of Magical Kingdom or be a Superhero every night. This collection covers array of themes for boys and girls from toddlers to pre-teens. Creating cosy inspirational bedrooms, Imagine Fun 2 gives the freedom to personalise space, with even more affordable co-ordinating Wallcoverings and Home Decorative Products to choose from than ever before.

Create memorable childhood spaces with Imagine Fun 2, explore and discover a future that is still to happen.
